

Please be advised that the following OFO will be lifted effective Gas Day 5/27/2026 Thank You for your cooperation

Please be advised that Tennessee Gas Pipeline (TGP) will initiate an OFO beginning with GD on May 23, 2026, at 9:00 am CST.

During TGP's OFO, Honeoye Storage Corp. (HSC) will restrict all Firm Storage Service (FSS) nominations to not exceed each customer's Maximum Daily Injection Qualities (MDIQ).

Further, HSC will reduce or curtail injections and/or withdrawal nominations for PAL, ISS and PNFSS contracts.

- 1) All PAL customers' MDIQ or MDWQ's will be restricted and may be canceled if required per operational purposes from GD May 23th, 2026, at 9:00 am CST until further notice. All PAL nominations will be restricted to prior approval by HSC before being confirmed.
- 2) All ISS customers will be limited to their MDIQ or MDWQ's and may be restricted or canceled if required per operational purposes from GD May 23th, 2026, at 9:00 am CST until further notice. All ISS nominations will be restricted to prior approval by HSC before being confirmed.
- 3) All PNFSS customers will be limited to their MDIQ or MDWQs and may be restricted or canceled if required per operational purposes from GD May 23th, 2026, at 9:00 am CST until further notice.
- 4) All FSS customers will be limited to their MDIQ or MDWQs from GD May 23th, 2026, at 9:00 am CST until further notice.
- 5) Please limit all nominations entered in the TGP Dart to actual quantities to be flowed.

Thank you for your anticipated cooperation.

Andy Hall
